DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 is dependent on itself.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000.

Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

4. Claims 1, 4, 5, 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Rocher (3,118,607).

Rocher discloses a lawn and garden sprayer comprising:

- a rigid frame chassis 1;
- a guide bar 3;
- a plurality of rear wheels 2;
- a plurality of front wheels 2;
- a power supply 8;
- a suction/discharge device 7;
- a container 4 ;
- first and second means 25.

5. Claims 1, 3, 7, 8, 9, 10, 11, 13, 14, 16, 17, 18 are rejected under 35 U.S.C. 102(e) as being anticipated by Baughman (6,719,065).

Baughman discloses a sprayer comprising:

- a rigid frame chassis 12;
- a guide bar 44;
- a plurality of rear wheels 14;
- a plurality of front wheels 14;
- a power supply 35;
- a suction/discharge device 30;

a container 22 ;
first and second means 210, 88;
a back cover 21.

The preamble “lawn and garden sprayer” has been considered as a name for the device. Nothing in the body of the claim breathes life and meaning to “lawn and garden.”

6. Claims 1, 4, 5, 6, 7, 8, 9, 13, 14, 15, 16, 17, 18, 19 are rejected under 35 U.S.C. 102(b) as being anticipated by Fellhauer et al. (5,465,456).

Fellhauer discloses a sprayer comprising:

a rigid frame chassis 11;
a guide bar 17;
a plurality of rear wheels 14;
a plurality of front wheels 13;
a power supply 15, 16, 36;
a suction/discharge device 34, 22;
a container 20 ;
first and second means 55, manual wand not shown;
a back cover 27.

The preamble “lawn and garden sprayer” has been considered as a name for the device. Nothing in the body of the claim breathes life and meaning to “lawn and garden.”

Claim Rejections - 35 USC § 103

7. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

8. Claims 1-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kildow (6,070,808) in view Fellhauer et al. (5,465,456).

Kildow discloses a sprayer comprising:

- a rigid frame chassis 46;
- a guide bar 90;
- a plurality of rear wheels 12; •
- a plurality of front wheels 14;
- a power supply 108;
- a suction/discharge device 24;
- a container 22 ;
- second means 26.

The preamble "lawn and garden sprayer" has been considered as a name for the device. Nothing in the body of the claim breathes life and meaning to "lawn and garden."

Kildow does not disclose a first spray means. Fellhauer teaches a first spray means 55 and a second spray means (spray wand, column 3, lines 1-3). It would have

Art Unit: 3752

been obvious to a person having ordinary skill in the art at the time of the invention to have provided the first spray means of Fellhauer to the device of Kildow to clean floors.
